

RUBY SURFACE COLOURFLOW

Introducing the Ruby Surface ColourFlow – a unique LED fixture that offers endless possibilities for lighting design. With high-quality white light and perfect colour mixing, this fixture is perfect for a range of applications, from concert halls to showrooms. The Tunable White LED modules can be tuned to your desired colour temperature, making it the perfect choice for any space. Direct DMX 512 control makes it easy to use, and the durable construction ensures long-lasting performance.
