

FOCUS HP SPOT

(This fixture has been discontinued)

The Focus HP Spot is a powerful and compact zoom fixture that is perfect for museums, galleries, shops, and other similar applications. It features a very precise and stepless zoom range from 13° to 65°, making it an ideal solution for highlighting specific areas or objects. Additionally, the Focus HP Spot has an internal slot for mounting colour- and/or correction filters, allowing you to further customize the light output to suit your needs. With a high CRI of 95, this fixture is perfect for applications where accurate colour rendering is required.
