

JADE C

The Jade C is a semi-surface mounted, fully adjustable LED fixture that offers an excellent price-to-quality ratio. The mounting plate makes it easy to install in all sorts of ceiling types, and the large choice of LED light sources means that you can always find the right colour temperature for your application. The Jade C is extremely energy efficient, achieving an A+ or A++ energy label. Several dimming methods are available, making it easy to adjust the light output to exactly what you need. Part of a large product family, there is a Jade for every lighting plan.

> Specifications

Type	Jade C, Indoor surface mounted.
Colour	White, grey or black
Material	Coated aluminium & PC/ABS V0
Weight	780 gram
Swivel	340° horizontal 350° vertical
Mounting hole	7,5 - 9 cm
<hr/>	
Optics	19° 37° 63°
Light source	High Power
Light output	2000 - 3850 lumen
CRI	~90
LED colours	2500K 2700K 3000K 3500K 4000K D2W 1800K-3000K
<hr/>	
Power consumption	Max. 20 - 40 Watt
Power supply	100 ~240 VAC
Driver	Driver included Driver internal
Dimming	mains local dali
Connection	Schuko connector
Cable length	150 cm
<hr/>	
IP rating	IP 20

Protection class	1
Certifications	CE
Energy label	A
<hr/>	
Lifetime	50000 hours
LB Value	L90B10 at 50.000h
Warranty	5 years
<hr/>	

Remarks Integrated soft diffusion filter
